MEMORANDUM

DATE: August 15, 2006

TO: School District Superintendents

FROM: Timothy D. Hill

School Support Services

SUBJECT: 2006-2007 School Support Payment

Payments made today represent each district's and charter school's entitlement of the August distribution of school support funds per Idaho Code 33-1009(2), 33-5208. Total school support funds of \$184,577,620 are available for this first distribution. August payments to charter schools that were eligible for an advance payment totaled \$4,072,508, leaving \$180,505,112 to be distributed to remaining districts / charter schools based on their 2005-2006 distribution ratio. See enclosed distribution schedule.

Payments are slightly higher than the result of multiplying your distribution ratio by the \$180,505,112 because of those charter schools that were in operation last year, but were eligible for an advance payment due to enrollment growth [Idaho Code 33-5208 (5)].

Please call me at 332-6840 if you have any questions or if you would like to discuss.

SUBJECT: 2006-2007 School Support Payment

Payments made today represent each district's and charter school's entitlement of the August distribution of school support funds per Idaho Code 33-1009(2), 33-5208. Total school support funds of \$184,577,620 are available for this first distribution.

Charter Schools in operation during 2005-2006 that did not receive a July advance

August payments to charter schools that did not receive a July advance payment totaled \$4,072,508, leaving \$180,505,112 to be distributed to remaining districts / charter schools based on their 2005-2006 distribution ratio. See enclosed distribution schedule. Payments are slightly higher than the result of multiplying your distribution ratio by the \$180,505,112 because of those charter schools that were in operation last year, but were eligible for an advance payment due to enrollment growth [Idaho Code 33-5208 (5)].

New Charter Schools & Charter Schools in operation during 2005-2006 that **did** receive a July advance

Each of the August, October, November, and February payments will reflect a partial recovery of the July advance payment. As of the February payment, your charter school will have received the same percentage of funds as all other school districts and charter schools. The February and May payments will be based on first reporting period attendance and IBEDS (staffing) data. The final July payment of approximately 3% will be based on your best-28 weeks of attendance for the school year.

Please call me at 332-6840 if you have any questions or if you would like to discuss.
